PROFESSIONAL EXPERIENCE

Mather Splendido — IT Support Specialist | May 2026–Present

- *Sole on-site IT technician supporting 200+ employees and 400+ residents across the campus.*
- *Manage Active Directory accounts and Microsoft Intune/Azure devices for staff endpoints.*
- *Coordinate with multiple vendors for network, telecom, hardware, and software support.*
- *Administer Juniper Mist network infrastructure, including access points and switch port configuration.*
- *Reconfigure network ports as needed (e.g., converting phone ports to data ports for computers and laptops).*
- *Deploy and set up laptops, desktops, monitors, and peripherals; provide VoIP phone setup and support.*
- *Track IT inventory and equipment lifecycle while maintaining stable day-to-day IT operations.*
- *Provide basic tech assistance to residents, including smartphone troubleshooting, computer cleanup, and virus/malware removal.*

Aspen Dental — Office Manager / IT Coordinator | May 2022–Apr 2026

- *Managed day-to-day office operations including scheduling, patient flow, vendor coordination, and multi-location staff oversight.*
- *Provided technical support for clinical equipment including 3Shape wireless intraoral scanners, ultrasonic cleaning machines, and autoclave sterilizers to minimize treatment delays.*
- *Supported proprietary dental software and Windows workstations for clinical and administrative staff.*
- *Troubleshoot network, printer, and desktop issues across the office to maintain operational continuity.*
- *Coordinated with IT and equipment vendors for repairs, replacements, and technical services.*
- *Maintained HIPAA compliance across all office operations and system handling.*

Techboysgvs LLC — Owner / IT & Network Consultant (Part-Time) | Mar 2023–Present Techbgvs.com

- *Set up secure wired and wireless networks for home and small business clients, including router, firewalls, network segmentation and secure remote access.*

- *Installed and secured SOHO routers, access points and switches to improve WIFI coverage and reduce repeat support issues for clients.*
- *Guided clients on data backups, system updates and security software helping decrease security issues and downtime on their PCs and networks.*
- *Help set up home security cameras and systems.*

Verizon — Sales Manager | Apr 2018–May 2022

- *Tracked team performance metrics and reported on sales targets, conversion rates, and customer satisfaction to drive operational improvements.*
- *Trained and onboarded team members on systems, product knowledge, and customer-facing skills.*
- *Resolved escalations and account issues using diagnostic thinking to identify root causes and deliver solutions quickly.*
- *Managed scheduling, daily workflows, and operational coverage.*
